

May 4, 2021

Dear Parents,

We are coming off of one of our most successful athletic years in the history of the school as a whole athletic program. Our football team had an undefeated regular season, the basketball team ranked in the top 10 in the state and baseball in the top 40 in the state. We brought back our softball team, added a girls soccer team, and our tennis team, filled with youth, continued to have another great year. Our other sports have continued to grow as programs. We saw an increase in participation in all sports this year and we expect to see an increase again this coming year. Listed below are all of the coaches for each sport, along with their email. If you have any questions regarding the sport(s) your child plays, please reach out to the coach of that sport with any questions you may have.

List of sports offered for 2021-2022 School Year
