

Dear Parents,

I hope everyone is enjoying their summer break. At Munroe, we have been busy planning for the new year. We are moving past COVID, and we are looking forward to a traditional year from the start, with all the clubs, activities, and events that have traditionally made Munroe such a special place.

The new library, student center, and science buildings are well on their way. We anticipate them opening sometime during the first semester, depending on the availability of building supplies. These three new buildings will dramatically impact all of our students with an indoor lunchroom, technology center for many of our electives, a performance space for our students, and large indoor meeting areas for classes, grades, and special events. We are also working on opening up our second entrance to the school which will alleviate the need to cut across 4 lanes of traffic when departing the school. Another big update will be the outdoor amphitheater planned that will provide a large gathering location for a variety of special events.

Back to School Bash - Saturday, August 6

We will be having a special event, the Back to School Bash, on August 6 from 6 PM - 8 PM to welcome everyone back. We will have food trucks, games for the kids, and a chance to meet some other Munroe families.

Back to School Day - Friday, August 12th

Families are invited to school to meet their teachers, pick up their schedules, drop off their school supplies (Lower School), and pick up their iPads (Upper School).

To assure that each family has time to walk the campus and meet their teacher, we have assigned each family a time to visit based on their last name. Families coming in the evening should be prepared for slightly longer lines to pick up schedules and class assignments. If your family has more than one last name, please come during the oldest child's assigned time for all the children.

12:00 PM - 12:30 PM - Last Name A-C
